

01-08-1984, p. 4

very pleasant afternoon with WSP + HLRP. When WSP dropped me off directly at my back door here at 814 L he said, dryly: "Go straight home now." I unpacked the boxes and prepared some material for NP6 + LHR - Volume III. That gave me a great deal of pleasure. JVB telephoned and wondered what I wanted to do ce soir. I answered that I was up for just about anything and he said he would check and see if his mother would let him out of the house & then call me back. He never called back; I was pleased that JVB was in high spirits. I am somewhat surprised that he didn't call back. He probably got involved in some television program. Joe Pascoe called and we spoke about San Di Remo, the florist who Joe recommended when I asked who I should call to have flowers sent to Mayor Moro. Joe is so thoughtful. We had a very nice chat. I told him that I told Di Remo that Joe had recommended him and that pleased Joe I'm sure. Ray called & came by, in a car, and picked up his check. PMU called at about 4:30 PM and I couldn't get her off the phone for an hour. If My came by and wrote out "the crew's" weekly checks —

Ray Sniper - 14 1/2 hours - Check # 162 for \$145.00

JVB - 15 1/2 hours - Check # 161 for \$62.00

Paul Obelkevich - 13 1/2 hours - Check # 160 for \$54.00

Howard also wrote me out a check (#163 for \$15.90) for the flowers that we (the C.H.S.M.) sent to Charlotte Moro.

I now feel that if I keep organizing at the rate that I now am, that I will be in very good shape by Spring -- won't that be a grand day.

It was very bright & clear as WSP drove me into town cet après-midi; and I noted that the days are again getting longer.

City Council meeting tomorrow night. We must get official permission to occupy the 3rd floor of CCH + C. I must ask Charlotte and Council about all that tomorrow.
